HORSE RUGS
SIZE CHART

The measurements are a guide to finding the correct size.

- Measure in cm by using a measuring tape.
- Make sure your horse is in a relaxed state and is standing properly.
- Measure both back length and body length, and choose your horse's size from the table.

MEASURING INSTRUCTIONS:

A Back length in cm
Measure from the withers to the base of the tail.

B Body length in cm
Measure from the centre point of the chest to the centre of the tail. Subtract 10 cm from the resulting measurement to get the correct size for your horse.

*If the horse is heavier built, choose one size up for the best fit.
